

COVID Regulations

Per the new COVID regulations released on December 10th, 2021 "masks will be required to be worn in all indoor public places unless businesses or venues implement a vaccine requirement". The specific requirements for all businesses are as follows: "Any person, past their second birthday and medically able to tolerate a face covering, must wear an appropriate mask while in any indoor place, regardless of vaccination status. However, businesses and venues can choose to implement a vaccination requirement, requiring proof of vaccination as a condition of entry inside the business or venue. **Whichever requirement is selected, it must apply to all within the business/venue's capacity, including staff, patrons, visitors, and guests. A business and venue CANNOT do a "combination" requirement.**" Here at PAC's, we have decided to implement the mask requirement for all patrons and staff, this seemed like a more reasonable route than to require vaccination proof. Please understand that this is something we enforce to ensure we are complying with state requirements while we are providing a fun and safe experience for all to enjoy. Each violation of this mask requirement is punishable by a maximum civil penalty of \$1,000 for each violation. Something we would very much like to avoid. We do apologize for any inconvenience and appreciate everyone's cooperation.
